

Australia Extension Cords, Australia AS/NZS 3112 plug to Australia AS/NZS 3112 Socket Outlet, 10A 250V, IP20

Australia Extension Cords

Engineered for durability and safety, Australia extension cords deliver 240V/10A-15A power via AS/NZS 3112-compliant 3-pin plugs, supporting devices up to 3,600W. These cords feature flame-retardant PVC or rubber jackets (e.g., H05VV-F/RVT cables) with lengths from 1m to 30m, ensuring flexibility for indoor/outdoor use. Certified to SAA, ROHS, and RCM standards, they integrate reinforced shielding, overload protection, and IP44-rated weather resistance for dust/water resilience.

Australia Extension Cords Key functional advantages:

Extended reach: 5m–30m lengths overcome outlet limitations on construction sites, workshops, and large properties.

Industrial durability: IP66-rated variants withstand rain, UV exposure, and mechanical stress for outdoor use.

Safety compliance: Double-insulated wiring + SAA certification ensure shock-proof performance.

Ideal for powering tools, appliances, and outdoor equipment across homes, job sites, and industrial settings.
